STRIKE FEATURES FROM NEW BILL

Proposal to Federalize State Troops and Revive Draft Act Cut

VIRTUALLY OLD LAW

Strength of Army Fixed at 297,000 With Provision for Reconstruction of General Staff on French Lines

Washington, May 28.—The army reorganization bill emerged from conference yesterday a shorn of Senate proposals for federalization of the National Guard, for a voluntary universal training system and for automatic revival of the war time selective service act on declaration of a war emergency.

As agreed to by the conferees, the bill provides for a peace time regular army of 297,000 officers and men, including the Philippine scouts; for continuation of the National Guard substantially on the present basis, and for the organization of an enlisted reserve corps liable for fifteen days of training duty a year, except in case of war emergency.

The Senate proposal to create the post of under secretary of war to have charge of procurement of war supplies was accepted in substance by placing this duty on the assistant secretary, a salary increased to $10,000 a year. The assistant secretary will function as a business manager. The bill also creates within the department a permanent war council, composed of the secretary, assistant secretary, the general of the army, and the chief of staff, which will determine military and munition problems.

ELKS ENTERTAIN

Ladies' Night Celebration Bih Success

The ladies night celebration given last night by Alexandria Lodge of Elks in the auditorium of its home was a big success in every detail. The affair was attended by a large gathering of members of the order and their friends. During the evening vocal solos were given by Bernard Hamilton, Talbot Haslett and Mr. Zimer. An elaborate buffet luncheon was served and afterward there was dancing. The affair was in the hands of a special committee of members and the 11 o'clock toast of the Elks was given by Exalted Ruler George Kaus.

DREADNAUGHT DANCE

The citizens of Alexandria are invited to attend the first dance and opening of the Dreadnaught's Clubrooms at King and Washington streets beginning at 8.30 tonight.

This will be your chance to come and see just how far this club has advanced in past two months. Abe Kaminskys famous Jazz Band will furnish music for the evening. These musicians need no introduction as they are known all over the South where they have been on tour during the last two months.

Sunday at 3 p. m. the Dreadnaught baseball team will meet their old athletic rivals, the Bolling Field Aviators. The aviators have won 14 of 16 games played and are coming to take the scalp of the undefeated Dreadnaught's who have won all of their games.

"Monday (Decoration Day) we are going to entertain you" first we have the track meet starting at 1 p. m. Featuring a dual relay race between the Alexandria High School and the Dreadnaught's.

Then the Southern Maryland Champions of baseball who happen to be the Indian Head aggregation. Do not forget tonight.

Track and Field Meet

At a meeting of the games committee of the Alexandria Sunday School district at the Y. M. C. A., last night, the list of track and field events was selected for the monster Sunday School athletic meet to be held at Fairfax, July 24.

The meet is to be under the intermediate division and consequently will be for girls and boys from 16 to 22 years of age. In planning the program the committee desired to give equal prominence to both the work of the boys and girls and both have the same number of events, equally divided between field and track.

The list of events is as follows: Boys, track, 50 yard dash, 100 yard dash, 220 yard dash, 440 yard dash, 880 yard ash, mile run and 880 yard relay; field, running broad jump, shot put. (8 pound shot), and running high jump. Girls; track, 50 yard dash, 75 yard dash, 220 yard walk, 440 yard walk, 880 yard walk, 220 yard potato race; field, standing broad jump, ball throw for (1) distance, (2) accuracy.

It has also been requested that both tennis and volley ball tournaments will be staged and the committee states that a place on the program will be left open for these if there is a real demand for them.

It is planned to have the tournaments and field events all run off in the morning, thus giving the athletes a chance to rest up for the fast track events and also in order to do away with the possibility a slow afternoon program. It is the first meet ever held in the district in which girls will have an equal opportunity to star with the boys and it is stated that they are anxious to prove that they will be just as good athletes and just as big drawing cards as their brothers.

Richmond—"Eyes of the World"

It is believed by many people that the greatest future usefulness of the motion picture will be in the reproduction of established works of literature. The double pleasure given to a reader, after perusing a book and forming a mental picture of its characters, of seeing them metamorphosed into moving figures must always be greater than looking upon the ordinary film offering.

Harold Bell Wright, whose novel, "The Winning of Barbara Worth," made internationally famous the wonders of the Imperial Valley in California, and whose "The Shepherd of the Hills" celebrated the charms of the Ozark Valley in Missouri, promises to become supreme among authors in this new influence.

His first book to be picturized is "The Eyes of the World," which will be shown here for the first time at the Richmond theatre today.

VIRGINIA ROADS ASK RATE INCREASE

Petition State Corporation Commission For Advance

WANT THIRTY PER CT.

Lines, it is Declared, Are Barely Earning Operating Expenses; Some Falling Below

Richmond, May 28.—Virginia railroads in the official classification territory filed yesterday with the State Corporation Commission a petition, requesting an increase in freight rates for intrastate business of not less than 30 per cent. This is the same schedule of charges they have asked the Interstate Commerce Commission to approve for interstate traffic.

Freight traffic managers of the Baltimore and Ohio, the Chesapeake and Ohio, the Norfolk and Western, the Pennsylvania, the Richmond, Fredericksburg and Potomac, and the Virginian Railroads signed the petition. Interests of smaller lines in this territory also will be considered along with those of the roads specifically making the request. The hearing of the petition has been set for June 29.

All steam railroads in Virginia now have asked for increased rates. The petition of the lines in the Southern Classification territory was filed several days ago. No date has been set for this hearing. They ask for an increase of not less than 31 per cent.

Freight managers in their petition to the commission declare the lines are barely earning operating expenses, and some of them are not making enough to pay expenses. The government, under the operation of the guaranty clause of the Esch-Cummins act, is losing heavily, they say.

It is pointed out that this guaranty expires on September 1, and that after that time the roads will be unable to earn any substantial returns on the money invested. An increase in rates is, they declare, not only thir salvation, but is to the public interest.

Afterward there was dancing. Funds derived from the affair will be used for the Sunday-School picnic to Marshall Hall, June 16.

HOSIERY MILLS MAY CLOSE

Chattanooga, Tenn., May 28.—At a conference of representatives of the Southern division of the National Association of Hosiery Manufacturers here yesterday the view was expressed that on account of conditions the industry mills in the territory covered by the association would be compelled to close as soon as orders now on hand are filled. It was the consensus of opinion that labor and production costs would not justify the lowering of prices and that shutting down was the only alternative."

The recent wave of "bargain sales" was deprecated by the conference, it being declared that the disquieting propaganda published in connection with this movement had forced smaller merchants to sell goods at less than replacement value.

VIRGINIA NEWS

While crossing Machodoc Creek, in King George County, four colored laborers at the naval proving grounds were drowned when their skiff overturned.

Mrs. Margaret Bruce Carter Stuart, 45 years old, wife of former Governor Henry Carter Stuart, died late yesterday afternoon at Brookline, Mass., following an illness extending intermittently, over 18 years. Mr. Stuart was on his way to Washington from "Elk Garden" his home near Abingdon, when he received the news at Bluefield, W. Va., and he left immediately for Brookline.

Rains of the past several days have interfered with the progress of farm work in the Freeling section. Many farmers have finished planting their corn crops while others are yet planting. Little work has been done at tilling. Owing to the low temperature and slight frosts of last week corn is not looking well. This is the staple crop of Dickenson county, but the acreage will be less than that of last year. There will be fruit, especially apples, but not a full crop, as this was injured by late frosts.

VETO MESSAGE

Measure Declaring End to War With Central Powers Returned to Congress

Washington, May 28—President Wilson yesterday vetoed the Knox peace resolution declaring an end to the war between the United States and Germany and Austria Hungary. The resolution, Wilson declared, is "in effect, a complete surrender of the rights by the United States so far as the German government is concerned." By the rejection of the treaty of Versailles, Wilson said, and "by its methods we have in effect declared that we wish to draw apart and pursue objects and interests of our own unhampered by any connections of interest or of purpose with other governments and peoples"

Wilson bitterly condemned the resolution, declaring it said nothing about the purposes for which we entered the war. He listed among these freedom of the seas, reduction of armaments, vindication of the rights of Belgium, the righting of wrongs to France, release of Christians under Turkish rule, and Polish outrages." Such a peace with Germany—a peace in which none of the essential interests which we had at heart when we entered the war is safeguarded—is, or ought to be, inconceivable, is inconsistent with the dignity of the United States, with the rights and liberties of our citizens and with the very fundamental conditions of civilizaiton."

They used to call a man a "sport" when he bought an automobile

I

THAT was before the days when pretty nearly everybody owned one—or could, if he wanted to.

There was a lot of waste about motoring in those days. A man spent a lot of money on his car and never thought very much about *what he was getting* in return.

II

When a man buys a tire nowadays he has a *pretty definite idea* of what he expects to get out of it.

The dealer who sells him one that gives him *less* than he expects isn't likely to get any more of his business.

That's one of the reasons why we handle U. S. Tires—and *recommend them* to the motorists of this community.

III

The U. S. reputation for quality is *not* built on *any one* tire.

There is not *one standard* for large U.S. Tires and *another standard* for small ones.

Every tire that bears the name "U. S." is built the *best way* its makers know how to build it. The *oldest* and *largest* rubber concern in the world *cannot afford* to play favorites in seeking its public.

IV

Come in and tell us what you are looking for in tires.

We can probably tell you whether you need a U. S. Nobby, Chain, Usco, Plain, or a Royal Cord.

Select your tires according to the roads they have to travel:
In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

FLIRTING WITH THE SOUTH

"The Republican party is now smiling at the South and trying to flirt with it says the Baltimore Sun. "In the past it has attempted at times to rape it with force bills, to divide it by fraudulent political issues, or to seduce it by material hopes and fears. It is making now the offer of an honorable affair of the heart. The proposal to nominate a Southern man for Vice President is indorsed by nearly all leading Republicans and appears to be considered an unusually fine play.

"Heretofore the solid South has refused to surrender to threats or to melt because of blandishments. She is probably this year in a more approachable frame of mind than at any time since the Civil War. No Southern man has been vice president since Andrew Johnson, and, if a genuinely representative Southern man should be nominated by the Republicans, he might, at least, help to make a dent in some localities south of the Potomac.

"But if the Republican party is to strengthen itself in this enemy's country it must nominate a man at the head of its ticket who is in sympathy with the situation in that section and who will not complicate its difficulties. The suffrage amendment involves a danger which cannot be ignored, and, if it should be ratified, the South would want to be guaranteed against any feminine force bills to render it effective. Unless it gets a virtual assurance to that effect, no Vice Presidential bait will induce it to swallow the Republican hook."

SUGAR MAY REACH 27 CENTS

Price to Rise Two Cents as Soon as New Shipment Arrives

Washington, May 28.—Washington housewives will pay as high as 27 cents per pound for canning sugar according to the statement of local wholesalers who are awaiting the long promised shipment of approximately 350,000 pounds due here this week.

An advance of 2 cents per pound in the retail price will come as soon as the sugar arrives. The 1,000 barrels will be divided among ten local jobbers whose allowance will be based upon the quantity bought this time last year.

No hope for better conditions in the sugar market is held out by local wholesalers, who still refuse to buy from speculators who are exacting from 30 to 35 cents per pound from candy and confectionery manufacturers. New York and Philadelphia refiners, who had formerly supplied Washington sugar houses have either announced their withdrawal from the market or attribute their inability to supply the trade because of lack of good coal for refining purposes. Another reason given is shortage of cars.

TO OUR COAL TRADE

Under present conditions our receipts of domestic coal are limited and prices are constantly changing.

We will be glad to enter orders; deliver the coal as promptly as we can secure it, and bill it to our customers on the basis of cost to us plus our usual gross margin, and this will have to be our policy at this time as everything indicates great uncertainty in the coal trade.

Our customers can be assured that we will do everything possible to keep the price as low as we are able to, consistent with quality, weight and service, and we shall be glad to have you entrust the business to us on this basis.

"A PLEASURE TO DIE"

Ossining, May 28.—Walter Levandowski and Leo Jankowski were put to death in the electric chair in Sing Sing prison last night within a few minutes after 11 o'clock. Both died without a sign of nervousness. Each spoke a few words from the chair before the current stopped their voices forever, and because of the similarity, it struck the witnesses that they had rehearsed their final remarks in their cells in the death house. Both were tuberculosis victims, who were brought to Sing Sing from the mountain prison at Dannemora, where they killed a keeper in attempting to escape.

As each was being strapped in the chair, he said, "I am going over the top. It's a pleasure, gentlemen. Good bye everybody."

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodsons Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

PRINCE OF SPAIN

Don Jaime

Born stone deaf and dumb and now at 12 years of age hears and talks as the result of an adjustment in the neck. All the previous 12 years the most famous specialists in Europe had been appealed to, to give hearing and speech to the prince who, in that condition, could not qualify as heir to the throne of Spain. All the efforts were in vain, when finally an anatomical Adjustor in London, (here Chiropractor) by a dextrous chiropractic move took the pressure away from the great nerves to the ear, which up to that time had been paralyzed. Almost immediately the prince could hear and soon also began to talk. Such and similar things are being done by Chiropractors every day, only they don't get a chance at Royalty very often.

"C. P."

"C. P.," in pharmaceutical parlance, means chemically pure.

It means that the product so labeled is just as nearly perfect as human ingenuity and painstaking care can make it.

"C. P." products may be depended upon absolutely to accomplish the purposes for which they are intended.

We have another definition for the "C. P." label.

Just as in chemistry, it stands for perfection, for the highest quality of craftsmanship, for a product that may be depended upon for results.

In this revised meaning, it might very well be affixed to every job that leaves this plant.

For our definition of "C. P." is, "Correct Printing".

And correct printing, resultful printing, is the kind we produce!

Good work in Printing is an art—Just as good work is in any line.

Terrible Tortures From Itching Skin Diseases

No Sure Relief Until the Cause Is Removed.

When the blood becomes infested with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are removed from the blood.

Genuine relief therefore, can only be expected from a treatment that goes right to the seat of the trouble, and strikes at its cause. Such a remedy is S. S. S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins.

S. S. S. has been used successfully in some of the worst cases of eczema and other skin disorders.

REJECT WILSON OFFER

Labor Secretary's Wage Plan Gets Turned Down Unanimously

Wilkesbarre, Pa., May 28.—The anthractie miners in convention yesterday unanimously defeated the proposition submitted by Secretary of Labor Wilson for settlement of wage differences with mine operators.

The convention agreed to adopt the proposal made by President Wilson for appointment of a commission to adjust the dispute. A similar commission investigated the bituminous conditions and awarded a 27 per cent increase in wages.

The convention stipulated that it would accept the President's proposition because it was a desirable offer, but as "compulsory arbitration."
